

Korea Investment Forum, London

Opportunities for Financial & Real Estate Investors

Dear Distinguished Guest,

On behalf of the Ministry of Knowledge Economy of the Republic of Korea, I welcome you to the Korea Investment Forum at the Savoy Hotel, London on the 1st of December.

As the Republic of Korea is one of the UK's largest trading partners in Asia and the fact that the UK is the 4th largest investor in Korea after US, Japan and Holland, the economic and business relations between Korea and UK are growing rapidly. Last year alone, Korean companies invested US\$ 3.2billion in the UK, which clearly demonstrates the very close business ties between the two countries. With the Korea-EU FTA being in force, business transactions between Korea and UK are forecast to increase significantly.

The purpose of this forum is to inform potential investors of opportunities in the Korean private equity, venture capital and real estate markets, and to strengthen cooperation in the financial industry.

I urge you to take advantage of this forum, which consists of presentations, panels and one-on-one meetings. Two separate tracks, one focusing on private equity and venture capital and the other on real estate, will run concurrently. Both tracks will include presentations and discussions by leading private sector experts on market trends and opportunities.

Once again, on behalf of the Korean government I would like to thank you for your interest in the Korea Investment Forum and I hope that this event will provide you with valuable experience.

JoongKyung Choi
Minister, Ministry of Knowledge Economy
